

Branching streams flow in the Darkness by Shunryu Suzuki

1999 University of California Press

"Read and relax with Branching Streams Flow in the Darkness, which offers an enlightening look at your place in the universe."

New York Times

"That same 'there-is-no-problem-here' voice that we first heard in Zen Mind, Beginner's Mind comes through beautifully once again... However simple and gentle he sounds, Suzuki is not giving us a dumbed – down self-help book. This is very sophisticated instruction."
